Sec. 12 ,	The rine area was guarded by some 200 SNB police headed by a sublicutement. This detachment was called "Ostrava". The name of the commanding officer could not be determined but it was knownthat he resided on Fibich Street in Pribram in a single-story building decorated with a memorial tablet in honor of the composer Fibich. The mine area was surrounded by a high wire fence with watch towers at equal distances of 60 to 70 meters. No air defence measures or any other protective measures were observed. No air protection regulations were issued.
